Cyber Supply Chain Requirements for NIST SP 800-171 Compliant Companies

(Lecture Hall - First Floor)

- ▶ **Bridgitte Mase**, CEO, DeMase Technical Services, LLC

Join us for this informational session with Q&A on the NIST SP 800-171/CMMC requirements for federal contractors. All federal contractors have compliance obligations to protect Federal Contract Information and Controlled Unclassified Information. This session will provide a high-level overview of these requirements. This information will help companies stay compliant in this area, add a competitive edge, and reduce cybersecurity risks.
