

## ***ETEBA Benefits***

**Information on Business Issues and Opportunities:** ETEBA members receive up-to-date information to help them stay on top of new program developments and potential business opportunities. These include a Weekly Update, the ETEBA Quarterly Newsletter, email alerts, the annual Business Opportunities Conference and workshops on business and contracting issues.

**Networking:** ETEBA hosts numerous events that offer the opportunity for members to network with each other, potential new clients and key government and industry leaders. These opportunities include monthly meetings, special events and topical forums. Members can also pursue special interests and issues by serving on ETEBA Committees and Boards.

**Marketing of Member Capabilities:** ETEBA exhibits at conferences with promotional materials, makes referrals to contracting entities seeking services that can be provided by ETEBA members, and provides information about its members and their job openings on its Website.

**Group Advocacy and Representation:** Through its Advocacy Committee, ETEBA represents member interests to decision makers at all levels of government, and presents a collective voice on issues of importance to the membership.

**Community Involvement:** ETEBA has active education and safety programs, and provides a platform for members to give back to their communities by sponsoring scholarships and raising money for local charities.

## ***Membership Cost***

The cost of membership is based on the total number of employees in your company. The yearly dues include membership in two regional chapters and start as low as \$205 for small businesses. To purchase your membership visit [www.eteba.org](http://www.eteba.org) and sign up online or contact [Linda@eteba.org](mailto:Linda@eteba.org) with any inquiries.
